

EXHIBITOR & SPONSOR PROSPECTUS

GEO-CONGRESS 2022

Charlotte, North Carolina | March 20-23, 2022

State of the Art and Practice in Geotechnical Engineering

www.geocongress.org

An Invitation to Exhibit & Sponsor

Who is ASCE?

Founded in 1852, the American Society of Civil Engineers (ASCE) represents more than 144,000 members of the civil engineering profession worldwide and is America's oldest national engineering society geared to the advancement of science and profession of engineering to enhance the welfare of humanity.

What is the Geo-Institute (G-I)?

Created by ASCE in October 1996, G-I combines the talents and perspectives of its members to promote the geotechnical profession and enhance career development through specialty conferences, journals and practice-oriented publications, educational programs, networking and coalition-building, technical committees and task forces and leadership on emerging issues. The 12,100 members and 63 organizational members of G-I include scientists, engineers, technologists and organizations interested in improving the environment, mitigating natural hazards, and constructing economically engineered facilities.

Why Should You Exhibit or Sponsor at Geo-Congress 2022?

Reach more prospects in three days than your sales team can reach in three months. Build your brand and increase awareness of your products and services. Meet with key clients and business partners.

- An excellent technical program in a rapidly growing field will draw key people from nations around the world such as China, India, Brazil, Japan, Australia, and many others.
- The products and services you exhibit are part of the Conference focus. Your expertise is valued by Conference participants.
- Nearly 7 hours worth of dedicated networking events will take place in the Exhibit Hall during the Conference to provide you with more exposure to potential clients than your sales team can reach in months.
- Build your brand and increase customer awareness of the products and solutions you have to offer.
- Build your customer relationships; meet with key clients and business partners.
- Keep up on industry trends, gather competitive intelligence, and make competitive comparisons.

Who Should Exhibit?

- Geotechnical and environmental consultants and engineers
- Software developers of hazard, uncertainty, and probability modelers
- Foundation, ground improvement, earth retention, and environmental remediation contractors
- Geohazard, geotechnical, and safety organizations
- Manufacturers of foundation, soil retaining, and slope stabilization equipment; instrumentation, insitu testing, drainage products, and concrete repair products

Target Audience

This conference will bring together engineers, planners, industry representatives, citizen groups, developers, public officials, and others such as the following:

- Geotechnical scientists and engineers from consulting and academia
- Geoenvironmental specialists
- Owners from municipalities, government agencies, companies, military personnel, and the private sector
- Developers and planners for buildings, municipalities, and commercial and private properties
- University educators
- Manufacturers of products for slope stabilization, retaining walls, and foundations
- Construction contractors specializing in projects involving geohazards

Geo-Congress 2022 will bring together geoprofessionals interested in the field of geoenvironmental engineering, including geotechnical engineers, practitioners, researchers, educators, and firm owners to discuss the state of the art and practice in geotechnical engineering. Your products and services are valued by our attendees.

Exhibitor Benefits include:
